

# Renting the Carlsberg Elephant Jambulance

**Availability:** The Carlsberg Elephant Jambulance is available to rent from 7am-2am any day of the week, year-round.

**Capacity:** It's got enough space to comfortably seat you, a half-dozen friends, and a cooler stuffed with the best wine, liquor, and beer that Liquid Courage has to offer. (In other words, it will hold 6-8 people.) The stereo system will blow your ears out; bring your IPOD or a CD and listen to your own music!

**Pricing:**

<b>Deposit required</b> to reserve dates and times	\$100 deposit (\$200 on Sundays and holidays)
1 <sup>st</sup> hour of Jambulance rental	We use the cash from your deposit which really just covers the gas and driver's time!
Each additional hour	\$100 cash or equivalent purchase of Liquid Courage brands*

**Charities:** Please contact Liquid Courage about your charitable events. If it is a proper charity with a message we can support, has marketing, promotion, and visibility for Carlsberg Elephant, we can discuss a reduction or elimination of some or all fees. If Liquid Courage caters the event, the Jambulance is FREE.

**Trade Accounts(Bar/restaurants/nightclubs):** Sell Carlsberg Elephant and a Jambulance visit is FREE!

**The Small Print:** The Carlsberg Elephant Jambulance is first and foremost a marketing/promotional vehicle for Carlsberg Elephant. We built it to do events that promote our brands, not necessarily to drive you and your friends around. We do that for fun. Please understand we must maintain a positive image of the Carlsberg Elephant and Liquid Courage brands and we will make our own decisions on the best use of the vehicle. The Jambulance is the property of Liquid Courage Ltd. and Liquid Courage reserves the right to determine appropriate events for

Jambulance participation. We can refuse customers' requests at any time.

**PLEASE REMEMBER:**

- We don't do children's events- this vehicle promotes the responsible consumption of alcohol.
- We will not participate in co-branded events where other beverage suppliers are participants. It wouldn't be fair to them!
- No food inside the Jambulance. And try not to spill your drinks either.
- The Jambulance driver controls the lights, sirens, and all equipment in the Jambulance. It may be funny to you to run the sirens at midnight in front of your boss's house, but we have to keep within the law or Fox Hill Prison beckons!
- Only Liquid Courage brands are allowed on the Jambulance. Carlsberg Elephant is the new Royalty of Strong Beer!
